

# TRY ACUVUE® OASYS MAX 1-DAY CONTACT LENSES TODAY!

As a current 1-Day ACUVUE® TruEye® contact lens wearer, we want you to be the first to know about its discontinuation as of 4/1/2023. Don't worry, we have the latest technology from ACUVUE® — ACUVUE® OASYS MAX 1-Day which has been designed with an **unprecedented combination of innovative technologies** to help meet today's increased demands on our eyes.

As an alternative for your 1-Day ACUVUE® TruEye® lenses, **come in and try ACUVUE® OASYS MAX 1-Day.**

**SEE THE MAX DIFFERENCE**

## DID YOU KNOW?

In clinical studies, 100% of 1-Day ACUVUE® TruEye® patients were successfully fit into ACUVUE® OASYS MAX 1-Day.†

**Important Information for contact lens wearers:** ACUVUE® Contact Lenses are available by prescription only for vision correction. An eye care professional will determine whether contact lenses are right for you. Although rare, serious eye problems can develop while wearing contact lenses. To help avoid these problems, follow the wear and replacement schedule and the lens care instructions provided by your eye doctor. Do not wear contact lenses if you have an eye infection, or experience eye discomfort, excessive tearing, vision changes, redness or other eye problems. If one of these conditions occurs, remove the lens and contact your eye doctor immediately. For more information on proper wear, care and safety, talk to your eye care professional and ask for a Patient Instruction Guide, call 1-800-843-2020, or download the [Patient Instruction Guide](#).
